

### POWER MEETS PRECISION

MGM Transformers, a leading manufacturer of custom-built transformers, has been delivering high-quality power solutions for over 50 years. Specializing in both low and medium voltage transformers, MGM Transformers provides innovative designs that meet the unique demands of commercial, industrial, and renewable energy applications. With a commitment to American manufacturing and superior customer service, MGM Transformers is known for reliability, efficiency, and excellence in every product.

## Medium Voltage Transformers

**BUSINESS APPLICATIONS:** Data Center | Renewables | C&I

DRY VPI DISTRIBUTION SUBSTATION	CAST COIL	OIL FILLED SUBSTATION	OIL FILLED PADMOUNT
			
Up to 10MVA, 35kV DELIVERY: 16-18 WEEKS	Up to 7.5MVA, 35kV DELIVERY: 28-32 WEEKS	Up to 10MVA, 46kV DELIVERY: 30-34 WEEKS	Up to 10MVA, 46kV DELIVERY: 30-34 WEEKS

## Low Voltage Transformers

**BUSINESS APPLICATIONS:** Data Center | Renewables | C&I | Residential

POWER DISTRIBUTION UNIT	DATA CENTER SUBSTATION	DRY TYPE 600V CLASS
		
Up to 1.5MVA Via partnership with PDU Manufacturers: DELIVERY: 12 Weeks	Up to 2.5MVA 480-415v DELIVERY: 16-18 Weeks	Up to 2.5MVA DELIVERY: Stocked and Made to order

MGM Transformers also supplies the following special applications products: grounding, triplex, solar duty, multi-pulse drive, high rise applications, auto transformers, marine duty, and retrofit.

## Transformative Facts

# 2,500+

MGM Transformers stands out as an engineering-focused company with over 50 engineers, offering highly customized transformer solutions with industry-leading delivery lead times. MGM transformers are designed for seamless integration with switchgear ensuring optimal performance through precision voltage regulation, robust short-circuit strength, and high efficiency. These advanced products deliver reliable, custom power solutions for mission-critical applications across various industries.

### Active Customers

We are trusted by some of the world's most demanding customers.

#### 50 YEARS OF EXPERIENCE

MGM Transformers has 50 years of operating experience in transformer engineering and manufacturing.

#### \$4B+ INSTALLED BASE

MGM Transformers is the largest pure-play distribution transformer manufacturer in the US and showcases the broadest portfolio of transformer solutions in the industry today.

#### BULL RUSH PROGRAM

Provides expedited shipping with turnaround times as fast as 5 days, ensuring critical projects stay on track. Get reliable, high-performance transformers when you need them most.

## Powerful Partner

1000+ Employees, 5 factories and 1.5M square feet of manufacturing capacity working for you.

**Commerce, CA**  
100,000 Sqft, 5,000 MVA  
Medium Voltage - Dry Type Transformers

**Waco, TX**  
500,000 Sqft, 20,000 MVA  
Medium Voltage - Oil Filled Pads and Subs

**San Diego, CA**  
30,000 Sqft - Distribution Center:  
Low and Medium Voltage  
Transformers

**Tijuana, MX**  
600,000 Sqft, 25,000 MVA - Low Voltage  
Dry-Type and PDU Transformers -  
Medium Voltage Subassemblies

**Toronto, Canada**  
Strategically located distribution center stocking 15kVA - 150kVA  
to 120/280 Low Voltage Dry-Type Transformers

#### Throughout the US, Canada, Mexico

19 stocking warehouses - Strategic manufacturing sales reps; same day delivery/pickup
